

Choose the right major.
Pick the right career.
Ask the right questions.
Solve a real problem.

How can you get more out of school, life & your career?
By learning How to Think Critically

Critical Thinking Facts

- Critical thinking is rated the #1 workplace skill by SHRM.
- It's the fuel of good decision making and the raw material of essential skills like:
 - Strategic Thinking
 - Problem Solving
 - Creativity

Pearson has been assessing critical thinking for decades... And will launch Critical Thinking University™ in 2011 in order to instruct on it.
