

Leadership Science X 2

Two powerful assessments come together to form a potent leadership development solution

Pearson's Watson-Glaser™ II Critical Thinking Appraisal and **CPP's CPI 260® assessment** have combined to deliver a crystal clear picture of an individual's readiness for leadership, overall aptitude, and potential performance on the job. Using the Watson-Glaser II and the CPI 260 together, organizations can quickly and fully assess their people to understand their capacity for meeting a wide range of job requirements and advancing in the organization.

Double Your Development Results with Watson and CPI 260.
